

2004/2005 HBRR Program

Approved Painting, Barrier Rail Replacement, Low Water Crossing Replacement, Rehabilitation, Replacement, Local Seismic Safety Retrofit, and grandfathered Special Projects not yet authorized for Construction

This report includes projects that should be line item projects in the FSTIP.

4/12/2005, 10:15:54 AM

Special Notes:

- 1) The purpose of this list is to show which projects have met the eligibility requirements of State and Federal statutes and policies and have been approved by the Department of Transportation (Caltrans) for funding under the HBRR Program. This list also represents a commitment on the part of the Applicant (Local Agency) to deliver the listed projects in a timely manner in accordance with the HBRR Program Guidelines and the Local Programs Procedure Manual.
- 2) "Programmed funds" mean that funds are budgeted for projects. Budgeted funds are subject to annual appropriations from the Federal Government. The programmed funds are based on rough estimates provided by local agencies. Guaranteed funding levels are determined at time of federal authorization and obligation for given phase of work.

For details see Chapter 3 of the Local Assistance Procedures Manual.

- 3) For FSTIP purposes, HBRRP funding constraint is managed by Caltrans.
- 4) Some projects show that they are programmed using STP funds. These funds are HBRRP funds transferred to the STP for bridge work that is not ordinarily eligible for HBRRP funds. See the HBRR Program Guidelines for details. Do not confuse these STP funds with Regional STP funds.

2004/2005 HBRR Program

This report includes projects that should be line item projects in the FSTIP.
